

Most advanced **ANTI-SUBMARINE** warfare, **ANTI-SURFACE** warfare maritime patrol **AIRCRAFT.**

**737**  
commercial derivative

- Unmatched reliability
- Built using in-line process
- State-of-the-art cockpit
- TRAINING
- PARTS

Leveraging global 737 infrastructure already in place

## Higher, farther and faster

than other maritime patrol aircraft

More than **10hr** endurance without refueling

**0.82M** speed

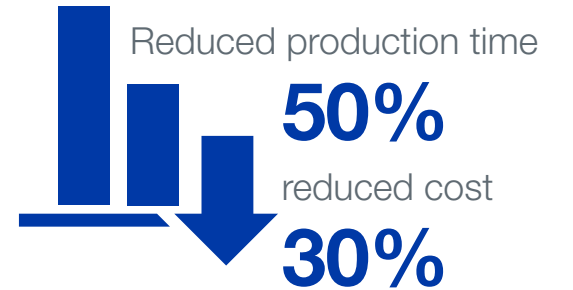

**41,000ft**

**200ft**

More than **4,000nmi** range

**300,000+**  
flight hours patrolling and protecting

**Detects, tracks and reports** on more **targets**

**20k** lb payload

**100** antenna installations

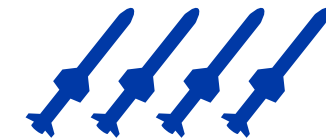

Space, power and cooling for **future growth**

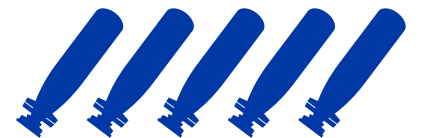

More people, more sensors

**MORE CAPABILITY**

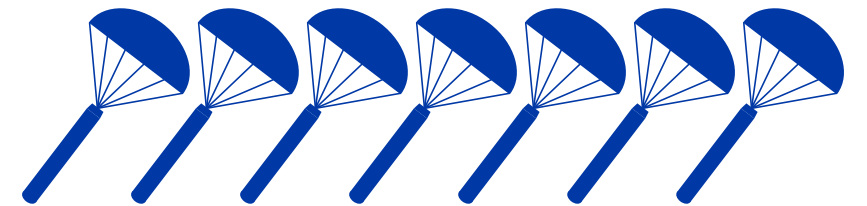

## Can carry

**4** Harpoon missiles

**5** torpedoes

**129** Sonobuoys

Globally **PROVEN. LOWEST COST** to operate.
